

WELCOME LETTER

Monoline Alphabets and Creating Small Treasures
June 6-12, 2021
Instructor: Carol Pallesen

Dear Participant,

If you haven't been to Ghost Ranch previously, you're in for a very special experience. If you have been, you'll know what I'm talking about. You'll find friendly people (the staff and your fellow students) all sharing the desire to learn and grow in knowledge. You'll see awe-inspiring, spectacular mesas, mountains, arroyos, and more...all natural beauties with dazzling colors and shapes. It's a retreat from your everyday life to one of gorgeous sunrises, colorful sunsets, and dark night skies with a splendorous array of stars and planets. Wow! Can you tell how much I love Ghost Ranch!?

It'll be the sixth time I've taught for Literally Letters in the past 18 years, and I'm so happy that I'm returning there and that you'll be taking my class. You'll read the description (both the short and longer ones) and the supply list...and perhaps you'll have some questions. I want to reiterate two things:

1. Just so you know, we'll be writing in MANY sizes, but most of the projects are small. I used to call the class "Tiny Writing," but didn't want to scare anyone away because we will work in a variety of sizes: you can pick what's comfortable for your hand.
2. The supply list does look longer than it is. I like to explain things fully to help you pack more effectively. And please do not hesitate to call or write if I can help you find that you need, or if it's something I can bring from my studio to loan to you. The lab fee will cover lots of wonderful papers (most already pre-cut for your convenience), cards & envelopes, and all the other materials (leathers, hinges, etc.) you'll need to make your small treasures.

Looking forward to seeing you at Ghost Ranch! We will be learning as well as having lots of fun! Welcome!!

Until then, take care,
Carol Pallesen
