Greetings Watercolor Students

I'm excited to teach my second virtual class for Ghost Ranch. The first one was a big success as the it was reflected in the student's work. Many expressed that they felt that they had the tools needed to work on their own.

For those of you that are complete beginners, you're in the right place. And, for those of you that have been painting I will be sharing some techniques that I recently discovered in my own work. ie: using multiple layers of resist to create sage and rock formations.

I have had to adjust my zoom teaching and found that sending you an image helps you to follow what I'm doing. I do have a separate USB camera and will be adjusting it for you to get the details. Please print a good color copy for your reference and make a 8 ó x 11 black and white copy for tracing.

Don't hesitate to email if you have questions.

I'll be seeing you soon.
