10 am - 3pm Mountain Time

Welcome to Singing in Our Winter Light! A Ghost Ranch Return/Virtual Day Retreat. Ruth Cunningham and I are delighted to be with you for this day of renewal through song, chant, and improvisation, all from the comfort of your own home.

We will be zooming in with you, teaching, guiding, with lots of time for reflection, question and answer too.

Please have with you a candle, a sacred object of your choosing, and a journal or something to write on. In addition, if you have a piece of poetry, a mantra or prayer, or anything written speaking to you at the moment, have that at the ready too. If not, no worries. Bring an open mind and an open heart.

Be ready to be amazed at what the desert and winter light has to teach us!
