Welcome to Ghost Ranch Beginning Watercolor

No other place inspires budding artists like Ghost Ranch! I should know—I came to classes here 12 years ago, and have been painting ever since! If you have ever had the desire to delve into watercolors, then you will discover that focusing on it for a whole week at Ghost Ranch will be the best way to begin a lifetime of joy and creativity through brush to paper. We’ll begin with some basic drawing, and basic color theory, but never fear, you’ll be painting in no time! Every day you’ll create a piece that you can take home to mark the steps in your journey as an artist. Just remember everyone’s journey is their own, and progress is measured by yourself. I’m just there to answer your questions, give minimal guidance and suggestions for improvement. Know that you will cherish your time in this magical, peaceful and awe-inspiring place.
