

Jicarilla Basket Weaving G220723

Melanie Pesata

JULY 10 - 16, 2022

Daanzho!

Hello! Welcome everyone! My name is Melanie Pesata. I'll be teaching Jicarilla Apache Basketry using sumac and willow sticks from our local area. From foraging to preparing our gathered materials, we will make baskets using the coil method. It's going to be fun! Can't wait to meet you all.

I have a list of supplies (I've included a photo for reference):

- 2 - knives (one small, such as a sturdy paring knife and one larger. Thicker handles and blades are best)
- 1 - Pruning shears/clippers
- 1 - Apron
- 1 - Small bucket

Bring what you can!

Thank you.

Melanie
