

**Drawing from Nature:
Fun With Fall
G220933
Helen Byers
SEPTEMBER 18-24, 2022**

I am writing to thank you for registering for my Drawing from Nature: Fun with Fall workshop at Ghost Ranch, Sunday-Saturday, September 18-24.

When you arrive on Sunday, September 18, you will check in at the Welcome Center after 3:00 pm. There you will receive information, including your room assignment, a map, and details about social distancing and other safety policies that the Ranch will have in place throughout the week. We will work in the spacious Art Building classroom, where you will have a table to yourself.

Before or after dinner, there will likely be a brief orientation meeting for all participants in the Master's Week workshops, where I will greet you and share details of our week.

On Monday, September 19, our workshop sessions will begin at 9:00 am and go until noon. After lunch, you will be free to continue working semi-independently (I will drop in) ...or to rest or enjoy other activities. I will offer guided nature walks after dinner (weather permitting). This will be our daily schedule through September 23. Check-out time on Saturday will be 10:00.

Please download the Materials List for this course. Feel free to email me if you have a question about something on this list.

Also, be sure to bring these Ghost Ranch essentials:

- water bottle
- sun hat
- sturdy shoes (for walking on uneven ground)
- sunglasses
- sunscreen
- insect repellent
- rain jacket (just in case)
- small day pack (very handy to have)

I look forward to working with you!

Helen
